**Athens Regional Medical Center to Implement ProVation® Order Sets, powered by UpToDate® Decision Support**

MINNEAPOLIS, MN - April 12, 2010 - Wolters Kluwer Health, a leading global provider of information for healthcare professionals and students, announced today that Athens Regional Medical Center has selected [ProVation® Order Sets](#), powered by [UpToDate® Decision Support](#), to automate order set creation, deployment and maintenance.

Located in Athens, Ga., the 315-bed [Athens Regional Medical Center](#) is the cornerstone of Athens Regional Health Services, one of Northeast Georgia's largest healthcare systems. It serves as the system's acute care facility and regional referral center to the 17 surrounding counties, providing services ranging from maternal/child care, imaging and surgical to an American College of Surgeons Commission on Cancer approved oncology department and nationally recognized cardiovascular program.

ProVation Order Sets, powered by [UpToDate Decision Support](#), is an easily customizable order set authoring and management solution that provides flexible integration into clinical processes to streamline the delivery of standardized care for improved patient safety, outcomes, clinician performance and regulatory compliance. Built upon ProVation Medical's award-winning, clinician-designed technology platform, ProVation Order Sets offer automatic linking to the superior clinical decision support content of UpToDate, the resource of choice for more than 360,000 clinicians.

[UpToDate](#) covers more than 8,300 topics in 16 medical specialties and includes more than 97,000 pages of text and graphics, as well as links to Medline abstracts, more than 385,000 references and a drug database. Content is continuously reviewed and updated by physician editors and authors.

In addition to integrated links to UpToDate and other trusted sources of medical evidence, ProVation Order Sets offer the flexibility to link additional clinical resources based upon client needs and preferences. Further, to help facilities achieve the highest possible degree of automation, ProVation Order Sets feature vendor-neutral mapping and export capabilities that allow for flexible integration into any facility or vendor EMR or CPOE system.

"Athens Regional Health Services is a progressive healthcare system committed to excellence and dedicated to improving the health, wellness and quality of life in the communities it serves," said **Arvind Subramanian**, President and CEO, Wolters Kluwer Health Clinical Solutions. "We are pleased that ProVation Order Sets, powered by [UpToDate Decision Support](#), was chosen to support its mission of excellence and enhance the quality of care provided at Athens Regional Medical Center."
