FHN Hospital to Deploy ProVation® Order Sets, powered by UpToDate® Decision Support

MINNEAPOLIS, MN - March 9, 2010 - Wolters Kluwer Health, a leading global provider of information for healthcare professionals and students, announced today that [FHN Hospital](#) has selected [ProVation® Order Sets](#), powered by [UpToDate® Decision Support](#), to automate the creation, deployment and maintenance of order sets.

Located in Freeport, Ill., the 194-bed FHN Hospital is part of a regional health system serving northwest Illinois and southern Wisconsin. It is affiliated with all three major Rockford, Ill. hospitals, as well as the University of Wisconsin Hospital and Clinics in Madison, Wis. In addition to earning the VHA Leadership Award for Clinical Excellence in cardiac care, FHN has been recognized as a 100 Top Hospital® for its excellence in clinical outcomes, patient safety and financial performance and efficiency.

ProVation Order Sets, powered by [UpToDate Decision Support](#), is an easily customizable order set authoring and management solution that provides flexible integration into clinical processes to streamline the delivery of standardized care for improved patient safety, outcomes, clinician performance and regulatory compliance. Built upon ProVation Medical's award-winning, clinician-designed technology platform, ProVation Order Sets offer automatic linking to the superior clinical decision support content of UpToDate, the resource of choice for more than 360,000 clinicians.

[UpToDate](#) covers more than 7,700 topics in 15 medical specialties and includes more than 80,000 pages of text and graphics, as well as links to Medline abstracts, more than 260,000 references and a drug database. Content is continuously reviewed and updated by physician editors and authors.

In addition to integrated links to UpToDate and other trusted sources of medical evidence, ProVation Order Sets offer the flexibility to link additional clinical resources based upon client needs and preferences. Further, to help facilities achieve the highest possible degree of automation, ProVation Order Sets feature vendor-neutral mapping and export capabilities that allow for flexible integration into any facility or vendor EMR or CPOE system.

“As an organization recognized for its clinical and operational excellence, we are pleased that FHN Hospital has chosen ProVation Order Sets, powered by [UpToDate Decision Support](#) to support its ongoing mission of providing superior quality healthcare services to its community,” said **Arvind Subramanian**, President and CEO, Wolters Kluwer Health Clinical Solutions.
