Memorial Medical Center Chooses ProVation® Order Sets, powered by UpToDate® Decision Support

MINNEAPOLIS, MN - Nov. 30, 2009 - Wolters Kluwer Health, a leading global provider of information for healthcare professionals and students, announced today that Memorial Medical Center has selected ProVation® Order Sets, powered by UpToDate® Decision Support, to automate the creation, maintenance and system-wide deployment of evidence-based order sets.

Located in Springfield, IL, Memorial Medical Center is a 600-bed acute care, community-based, not-for-profit facility that is also the teaching hospital to Southern Illinois University School of Medicine. ProVation Order Sets will be utilized to streamline development and maintenance of evidence-based order sets and will also be integrated with Memorial's CPOE system for point-of-care access by clinicians.

ProVation Order Sets, powered by UpToDate Decision Support, is an easily customizable order set authoring and management solution that provides flexible integration into clinical processes to streamline the delivery of standardized care for improved patient safety, outcomes, clinician performance and regulatory compliance. Built upon ProVation Medical's award-winning, clinician-designed technology platform, ProVation Order Sets offer automatic linking to the superior clinical decision support content of UpToDate, the resource of choice for more than 360,000 clinicians.

UpToDate covers more than 7,700 topics in 15 medical specialties and includes more than 80,000 pages of text and graphics, as well as links to Medline abstracts, more than 260,000 references and a drug database. Content is continuously reviewed and updated by physician editors and authors.

In addition to integrated links to UpToDate and other trusted sources of medical evidence, ProVation Order Sets offer the flexibility to link additional clinical resources based upon client needs and preferences. Further, to help facilities achieve the highest possible degree of automation, ProVation Order Sets feature vendor-neutral mapping and export capabilities that allow for flexible integration into any facility or vendor EMR or CPOE system.

"We are pleased that Memorial Medical Center has chosen to integrate ProVation Order Sets, powered by UpToDate Decision Support with their CPOE to advance their mission of providing the highest quality care to the residents of Springfield and the surrounding communities," said **Arvind Subramanian**, President and CEO, Wolters Kluwer Health Clinical Solutions.
