**Southeast Alabama Medical Center to deploy ProVation® Order Sets, powered by UpToDate®
Decision Support**

MINNEAPOLIS, MN - Jan. 12, 2010 - Wolters Kluwer Health, a leading global provider of information for healthcare professionals and students, announced today that [Southeast Alabama Medical Center](#) (SAMC) has selected [ProVation® Order Sets](#), powered by [UpToDate® Decision Support](#), to automate the creation, deployment and maintenance of order sets solutions.

Located in Dothan, Ala., SAMC is a not-for-profit community-based health system serving approximately 600,000 people in southeast Alabama, southwest Georgia and the Florida panhandle. The facility operates as a 370-bed regional referral center and offers a full range of services, including family-centered women's care, advanced cardiovascular and cancer treatments, state-of-the-art surgical procedures and comprehensive pain management services.

ProVation Order Sets, powered by [UpToDate Decision Support](#), is an easily customizable order set authoring and management solution that provides flexible integration into clinical processes to streamline the delivery of standardized care for improved patient safety, outcomes, clinician performance and regulatory compliance. Built upon ProVation Medical's award-winning, clinician-designed technology platform, ProVation Order Sets offer automatic linking to the superior clinical decision support content of UpToDate, the resource of choice for more than 360,000 clinicians.

UpToDate covers more than 7,700 topics in 15 medical specialties and includes more than 80,000 pages of text and graphics, as well as links to Medline abstracts, more than 260,000 references and a drug database. Content is continuously reviewed and updated by physician editors and authors.

In addition to integrated links to [UpToDate](#) and other trusted sources of medical evidence, ProVation Order Sets offer the flexibility to link additional clinical resources based upon client needs and preferences. Further, to help facilities achieve the highest possible degree of automation, ProVation Order Sets feature vendor-neutral mapping and export capabilities that allow for flexible integration into any facility or vendor EMR or CPOE system.

"Technology and advanced treatment has allowed Southeast Alabama Medical Center to provide for the changing healthcare needs of the diverse and growing communities it serves," said **Arvind Subramanian**, President and CEO, Wolters Kluwer Health Clinical Solutions. "We pleased SAMC has chosen ProVation Order Sets, powered by [UpToDate Decision Support](#), to help it achieve its mission of providing quality healthcare and its vision of being recognized as the provider of choice in the region."
